WELCOME TO BAUER X

We understand the importance of innovation and professionalism

Since our launch in 2007, our vision and focus has been to deliver high value projects for our clients with the emphasis on communication and attention to detail.

We began Bauer X with one focus: to build a company that can compete with large construction firms while operating with the flexibility and customer-focus of a small, family-run business. We call it small business values with a big business approach.

Today, 75 percent of our business comes from a core group of legacy clients: a testament to our commitment to building strong, long-term working relationships.

ABOUT OUR COMPANY

An inspired approach to quality residential and commercial projects

When Bauer was first conceived we set out to build a business model that focused on quality and attention to detail.

Today we operate with the confidence that our past has prepared us to embrace the most challenging of projects.

Construction Management

This area delivers the control you want over all critical aspects of your project.

Owner's Representation

A good owner's rep saves their client time, money and a lot of headaches.

General Contractor

Clients hire Bauer because we deliver great value, without question.

Experts with experience
